

Company: An overview

BY ANDREW COURT &
ASSOCIATES

What is a Company

A Company is run by directors and owned by shareholders, with the ability to be private or public entities

It is a separate entity from the owners

Advantages of a Company

A Company has the following advantages

- Limited liability
- Superannuation benefits
- Salary packaging
- Favourable tax rate

Obligations of a Company

Companies have the following obligations

- Corporations Act reporting
- Higher start-up and administrative costs
- Super Guarantee, WorkCover, PAYG and Single Touch Payroll obligations
- No Capital Gains Tax discount

How to start a Company

The process of setting up a Company is more complex compared to other business structures

- Choose a company name
- Organising internal structure
- Appoint company officeholders
- Registering the company
- Issue shares

Company Checklist

A Company will require the following

- A company name
- Decide on the State or Territory of registration
- Choose business address
- Choose company officeholders
- Decide share structure
- Choose share holders
